

## Meetings and Catering by Hampton Inn & Suites Convention Center and JOEL:

JOEL, located in the Hampton Inn & Suites Convention Center location, is now ready to handle all of your business meeting needs. We are located just across Hall E of the Morial Convention Center and have convenient valet parking available. With our 10 function rooms and 13,000 square foot of meeting space, we can accommodate your conference needs from a 2 person boardroom style table to a 500 person general session.

All of our meeting rooms are pre-wired for Internet access, therefore, setup of laptop computer demonstrations are a snap. Additionally, we have a full service Audio/Visual department right on premise to handle all of your presentation needs and any last minute equipment requests.

Our beautiful Riverside Grand Ballroom with connecting Pre-Function area is a 7,000 square foot facility that can be subdivided into 4 sections. This feature allows us to effectively cater your banquet or reception. Our Courtyard Patio and the Mississippi River Heritage Park, located just across the side street, are two additional outdoor facilities that we can cater for events from 20-1000 people.

Finally, you can rest assured in knowing that your guests and colleagues are getting the best food product possible through JOEL. We do not use any prefabricated or frozen meals or hors d'oeuvres. Everything that we serve is made fresh daily and we can alter our existing menus or create new ones tailored to your specific needs. Please reference our website at [www.joels.com](http://www.joels.com) to learn more about our history and reputation.

Please give us a call and let us handle your next conference, exhibit, banquet or reception. Our professional convention services team will be happy to assist you with all of your planning details. Please call 504-299-8400 to speak with JOEL and 504-293-1200 to speak with a sales manager for the Hampton Inn & Suites
